

## Waste Removal Companies

Below is a list of companies to help you contact the correct waste removal company. You may also wish to use an online search engine such as Google to conduct your own research.

Any waste removal company you use should hold a current **waste carriers licence** and provide you with receipts / invoices for your waste.

Failure to use a reputable company may result in your business waste being fly tipped and without the proper documentation you could be liable for clean-up cost and a fine of up to £20,000.

| <b>General Waste Collection</b>            |  |                               |
